When you have read scenes 9 and 10 of the play, produce an advertisement that would help recruit some likely Merry Men!

- Where do you think the advertisement could go?
- What skills or talents would you look for in a Merry Man?
- What would they have to do?
- What would their pay and working conditions be like?
- What would they wear?
- Who do they have to contact?

Make notes under these headings, and then work on a good layout, to give your advertisement maximum impact! Will you use colour or pictures?
Have *you* got what it takes to climb out of the mud?

**Wanted immediately: Merry Men**
