

## Teaching notes

---

The CVC words in this Magnet activity are all decodable words from the story and are linked to Letters and Sounds: Phase 2.

1. Deal out the three red tiles from the stack of tiles side by side.
2. Tell the children you are going to make the word 'had'. Double-click each tile until the correct letter is revealed.
3. Ask the children to explain how to make the word 'had' become 'ham'. Double-click on the letter 'd' tile until the letter 'm' appears.
4. Ask a child to tell you how they would make the word 'ham' become 'hat'. Allow them to change the word onscreen.
5. The red tiles can now be dragged to the bottom of the screen and stacked out of the way.
6. Repeat the activity with the three remaining sets of tiles.

**Red tiles: had, ham, hat, hid, him, hip, hop**

**Blue tiles: map, mat, man, mug**

**Green tiles: dig, dip, dot, dug**

**Yellow tiles: bug, bog, big**
