

Teaching notes

- Prior to the lesson prepare blank word banks for each of the following: food, games, clothes and venues.
- Look at the pictures on pages 19-21. List the food and drinks that the children can see in the pictures, on the relevant word bank. Sound out and blend any words with tricky spelling patterns.
- Discuss with the class which foods they would like to have if *they* were having a party. List some of their ideas.
- Next discuss further party ideas:

What games they would they like to play at a party?

What would they like their guests to wear?

What time would they have their party?

Where would they have their party?

Again, add their suggestions to the relevant word banks.

- Children then complete the party planner, either individually or as a group, using ideas from the word banks.

Pirate party planner!

Read the questions and make a list of everything you would like to have at your party. Use this to help you to plan your party.

Where is your party?

What time is your party?

What food would you like at your party?

What games are you going to play?

What clothes would you like your guests to wear?

You are invited to my party!

 **Place:** 

Time:

Party food we will eat:

Games we will play:

Please wear these clothes:
